

PRODUCT DATA SHEET

Insulation plates for wood screws
Diameter 60 mm
Item no. 15330

Status: 02.08.2026 | 17:21

Designation	Insulation plates for wood screws Diameter 60 mm
Description	Insulation material retaining plate for fastening EPS/MiWo boards to sheet steel and wooden substrates; screw diameter 4.8–6.0 mm.
Product area	Thermal insulation
Product category	Assembly elements
Revision	After installation, the insulation plates are completely covered with reinforcing mortar and embedded in the fabric to achieve a continuous plaster surface and prevent thermal bridges and visible plate marks.
Application Areas	The insulation plates are used in composite thermal insulation systems (ETICS) to fix insulation boards such as EPS, mineral wool or PUR to solid and non-load-bearing substrates. They increase the holding force of the anchor, especially with lightweight insulation materials or thick boards.
Underground	The insulation plate is suitable for fastening EPS and mineral wool insulation boards to sheet steel and wooden substrates, suitable for screw diameters of 4.8-6.0 mm.
Storage	Store cardboard in a dry place.
Customs tariff number	39269097
Opened label	Purchase only possible as full packaging units.
