

PRODUCT DATA SHEET

Wallpaper corner bead
Item no. 3840

Status: 31.07.2026 | 23:28

Designation	Wallpaper corner bead
Description	PROTEKTOR wallpaper edge profile is suitable for all thick wallpapers such as fibreglass or textured wallpapers and wall coating materials. The profile enables precise outer edges, protects the wallpaper from damage and can withstand even heavy use. Damaged or uneven edges are covered, making it easier to stick the wallpaper to critical edges. The corner bead is stuck on with a suitable mounting adhesive in accordance with the manufacturer's instructions and the transition to the wall is levelled with filler.
Product area	Interior finishing
Product category	Filler profiles
Plaster thickness	2 mm
head shape	Square
Leg length	20 mm
Treatment	Glue the edge profile with a suitable mounting adhesive according to the manufacturer's instructions and level the transition to the wall with filler.
Customs tariff number	39162000
Opened label	Purchase only possible as full packaging units.
