

PRODUCT DATA SHEET

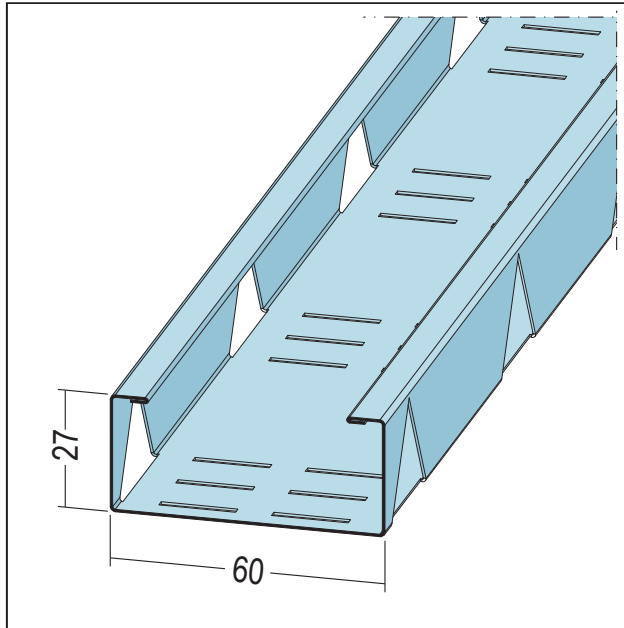

Concavely bendable C ceiling profile

C ceiling profile 60-27

Item no. 5550

Status: 12.04.2024 | 01:04

Designation	Concavely bendable C ceiling profile C ceiling profile 60-27
Description	Application area: for curved ceiling constructions. Profiles must be bent on site. Minimum bending radius 110 mm. The specifications of the manufacturer of the boards must be observed.
Product area	Dry lining / lightweight steel construction
Product category	Formable profiles flexibilo
Material	Galvanised steel
Material thickness	0,6 mm
Standard EN	EN 14195:2005
Standard	EN 13964
Galvanizing	Z 140
Product width	60 mm
Product length	300 cm
Product height in mm	27 mm
Reaction to fire (R2F)	A1
Packaging Unit	8 PCS / 24 BUN
Processing instructions	The suspension of the curved flexibilo C ceiling profiles no. 5550 must be carried out with Nonius hangers, Nonius inclined hangers and Nonius top parts in the required lengths. The profiles must be bent to the required radius on site before installation. For this purpose, it is recommended to bend the profiles over an edge at the predetermined bending points. C-ceiling profiles No. 5120 are to be installed transversely to the bent flexibilo C-ceiling profiles in longitudinal direction by means of angle anchors No. 6090. The angle anchors are to be secured against slipping with sheet metal screws No. 6239.
