

# PRODUCT DATA SHEET

Joint-h-profile horizontal  
12,8 mm, Aluminium EV1  
Item no. 9089

Status: 30.07.2026 | 21:06

|                         |                                                                                                                                                                                                                                                   |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Designation             | Joint-h-profile horizontal 12,8 mm, Aluminium EV1                                                                                                                                                                                                 |
| Description             | The PROTEKTOR anodised aluminium joint, or h-, profile closes and visually highlights horizontal joints on the facade. Reduces the penetration of dampness. Profile may only be placed horizontally. Suited for facade cladding of up to 12.8 mm. |
| Product area            | Curtain wall                                                                                                                                                                                                                                      |
| Product category        | Joint profiles                                                                                                                                                                                                                                    |
| Material thickness      | 1,1 mm                                                                                                                                                                                                                                            |
| Product width           | 12 mm                                                                                                                                                                                                                                             |
| Opening size            | 12.8 mm                                                                                                                                                                                                                                           |
| Reaction to fire (R2F)  | A1                                                                                                                                                                                                                                                |
| Overplastering Ability  | Powder coating in accordance with RAL specification available for an extra charge.                                                                                                                                                                |
| Annotation              | Powder coating in accordance with RAL specification available for an extra charge.                                                                                                                                                                |
| Customs tariff number   | 76042990                                                                                                                                                                                                                                          |
| Processing instructions | Only suitable for horizontal installation!                                                                                                                                                                                                        |
