| <b>Designation</b>            | Stop bead for interior plaster from 3 mm                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Description</b>            | The PROTEKTOR aluminium stop bead is suitable for interior plaster from 3 mm. Stainless steel profiles must be installed in commercial kitchens and other damp rooms, swimming pools and indoor swimming pools, as well as when using renovation plasters. Use the profiles in accordance with the information sheet on the planning and application of metal plaster profiles.                                                                                                                                  |
